SUMMER CONFERENCE ECHOES (Cont.)

Joe '44 and Bertie (Henderson) x'46 Sullivan write concerning the summer conference:

"It surely was rough leaving that 'mountain top experience.' I want you to know that it was one of the richest experiences of our lives. We felt the conference was very well planned--just enough and not too much free time or services. We are planning already for next year! I've written several letters to classmates hoping they'll go next year if the Lord tarries! I'm becoming so convinced He'll be here soon that I find it hard to plan far ahead.

"You certainly made it possible for us to relax! We really had 'exclusive quarters.' We came home feeling so refreshed in every way.

"Thanks so much for everything.

"Sincerely, Bertie"

Project Report

Here is our project report from Bryan Librarian Virginia Seguire '54 --

This past year we have rejoiced in the Lord's guiding many alumni to respond to our project of underwriting the book budget. We were enabled to add some 1,400 new titles to our collection. For this we are grateful, but to meet the accreditation standard of a minimum 50,000 volume library, we need to increase at a faster rate from our present status of 27,000 volumes.

During the summer months we had over 300 periodical volumes bound, which makes our periodical collection much more valuable and useful. An additional expenditure of approximately \$2,500 would allow us to obtain missing issues as well as to complete the binding needed. We are asking the Lord to supply us \$15,000 for this year's book and periodical budget. This would purchase over 3,000 new titles.

We are excited about the additional space for our library being provided on the top floor directly over the present library through the new construction. This will add a new reading room and reference area with several dozens of individual study carrels and a visual aids lecture room. The main floor library area will then accommodate more stacks for our additional books.

Please prayerfully consider your part of this project. How about that "book-a-month" for the Bryan library? Several are contributing \$5 or more a month for this plan. May we add you to the list?

And do plan to attend Homecoming this September 28 through October 1 (Alumni Day is Saturday, September 30) where you can see for yourself and also get the answers to your questions regarding accreditation. See you!
